Dear Parker-Davis Project Electric Service Customers:

Thank you for your comments and proposed language in response to Western Area Power Administration's (Western) March 31, 2004 letter, which also contained the revised Section 12 (Review and Adjustment of Federal Power Allocation) to be included in Western's prototype Amendment No. 1 to the Parker-Davis Project (P-DP) Electric Service Contract extension.

You have requested that Western delay finalizing the individual contract extension amendments in order to provide the time necessary for informal dialogue and discussion of Section 12. Western agrees that additional time for informal discussion will provide an opportunity for all parties to better understand each other's concerns, intended meaning, purposes and suggested changes.

Western will schedule a meeting for discussion of Section 12 following coordination and consideration of your comments by the Power Marketing Managers in the other Western Regions and the Corporate Services Office.

Again, thank you for your continuing involvement and contributions in this P-DP Contract Extension Amendment process.

Sincerely,

A handwritten signature in black ink, reading "Jean Gray", is positioned above the typed name.
